**Steve Korte : DC Super-Pets Character Encyclopedia** before purchasing it in order to gage whether or not it would be worth my time, and all praised DC Super-Pets Character Encyclopedia:

1 of 1 people found the following review helpful. Great book, POOR Quality By Danny Scarbro The kiddo asked for this book for weeks after a friend showed it to her as school, and she saved her allowance to purchase it. It arrived on time, even though the delivery was set to arrive on Easter Sunday. She immediately began reading it, made it to page 96, and the pages started falling out. There was no ripping or bending of the spine, the glue just separated from the back. She thinks she did something wrong, whereas we are disappointed the book couldn't last one full day, let alone a complete read through. She loves the contents and could not stop talking about it, so I suggest it for kids that love Pokmon and comic books in general. 0 of 0 people found the following review helpful. My son loves it! By Tanya My son who is 8 now has checked this book out from the library and absolutely loves it. If they want to self-indulge with comics to get them reading, I am okay with it. There is so many ideas you can come up with this book. The only

downfall is that the binding did not stay in tack at all, however, pages came out very easy and we put it in page protectors and a three ring binder, now it will last much longer. I think a hardcover version would be best because young kids love to flip through it and look at the super heroes and villains pets. I would purchase it again. 0 of 0 people found the following review helpful. Extremely poor binding  
By momof7My 6 and 8 year olds love this book. We had borrowed it from the library and I decided to get them their own. Unfortunately this one was a paperback and did not even last four days of occasional use. I will hole punch it and put it in a binder for them but I would recommend a hardback, not the paperback.

Every super hero needs a Super-Pet! This illustrated encyclopedia features in-depth profiles, stats, and history about the DC Super-Pets and their owners. From Superman's loyal dog, Krypto, to Batman's heroic hound, Ace, this guide to the World's Greatest Pets has more than 200 DC characters, including many never-before-seen pets, all illustrated in Art Baltazar's Eisner Award-winning style! With an introduction by legendary creator Geoff Johns, the DC Super-Pets Character Encyclopedia is sure to please comic book lovers young and old.

From BooklistIts a bird . . . Its a plane . . . Its a dog! And a cat, a horse, a kangaroo, an anglerfish, and hundreds of other superhero and supervillain pets from the DC universe. From the table of contents, which features the tiny face of each pet instead of its name, to the splashy endpapers squeezing the more than 200 pets into a group portrait, Kort and Baltazars (Superman Family Adventures, 2013) compendium of all things superpet is a visual feast of bright colors, jauntily exaggerated lines, and cheerfully cute faces. Each animal (or alien or robot) gets a half- or full-page spread, featuring a large rendering of the character; details about its powers and special gear; its species, birthplace, and favorite food (Batmans dog, Ace, eats crime fighter crunchies); and a much smaller picture of its superhero owner. Peppered with fun facts, jokes, and handy guides to power rings and the different colors of kryptonite, this browsable handbook is a treasure trove for burgeoning superhero lovers. About the AuthorBorn in Chicago, Art Baltazar found his way early to comic book art and has been cartooning ever since he can recall. With a frenetic, hip hop style, Baltazar began self-publishing in 1994 with such titles as The Cray-Baby Adventures, Gyro-Man, Captain Camel the Space Chicken, Jimmy Dydo, Lunar Lizard, Meteor Mite and the famous Patrick the Wolf Boy. Art has also drawn coloring books for Warner Bros. Art recently finished work on SUPERMAN FAMILY ADVENTURES, and is now co-writing the new series THE GREEN TEAM: TEEN TRILLIONAIRES. Art lives outside of Chicago with his wife, Rose, and children Sonny, Gordon, and Audrey. Steve Korte is a freelance writer. At DC Comics he edited over 500 books. Among the titles he edited are "75 Years of DC Comics", winner of the 2011 Eisner Award, and "Jack Cole and Plastic Man", winner of the 2002 Harvey Award. He lives in New York City with his own super-cat Duke.
