**Donna Reseigh Long, Janice Lynn Macin : De paseo: Curso intermedio de espanol (World Languages)** before purchasing it in order to gage whether or not it would be worth my time, and all praised De paseo: Curso intermedio de espanol (World Languages):

0 of 0 people found the following review helpful. Text missing in e-book!!By JMASome work in the e-book are not available due to "copyright restrictions". This mainly occurs for many of the readings. Having accessibility to the text when purchasing or renting an e-book is a major issue. I am highly disappointed.0 of 0 people found the following review helpful. Okay, but there are better optionsBy Tim RadtkeNot the best at teaching the Spanish language and has a lot of exercise that seem redundant and were assigned as busy work, not to help engage the student in the language or learning it.3 of 4 people found the following review helpful. Does not come with book keyBy Brandon BaloghI purchased this book new because it is supposed to come with a book key (a little piece of cardboard with a 15 digit number required to use any online service). However, when I received the book it did not come with this book key. I notified as on a Thursday (after class) and only got an e-mail saying it would take more time to resolve. It is now late

Monday and I have an assignment due tomorrow (Tuesday) and still nothing from fixing the situation. Clearly this book is not "new" like it says if it is missing a vital piece of information, it should say "like new" in which case I would have just paid the extra \$50 to buy in the local bookstore. Now I either have to return this and wait for my refund, or just fork out another \$124 to purchase a book key.

Intended for Intermediate Spanish courses, particularly for those instructors who prefer a two-book program.

"Chapters are well organized. I like the integrated and coordinated approach offered by the etapas and the effort made towards recycling the material presented." "Culture is a strong point of this book. There is adequate cultural input for students and it is always relevant to the chapter topics. I have found the cultural information to be interesting, as have my students. I feel that both the *Cultura en accion* and especially the video are very effective in relating culture to students." "I found the *Diario de actividades* to be very complete and exhaustive. Every chapter has plenty of activities for students to practice all three communicative skills: writing, reading, and listening. It introduces new perspectives to the topics presented in the *De paseo* chapters, practicing with the corresponding grammatical concepts within a meaningful context." "One aspect that attracted us to this text is the emphasis on exposing students to learning strategies, and specialized terminology such as literary and linguistic terms. I also enjoy the process-oriented approach to writing." "I think the reading selections are the most consistently excellent in *De paseo*. The pre-reading activities are quite good, and the reading selections are for the most part very engaging on both a cultural and critical reflection level. The post reading activities are also excellent. I do like the option of a literary versus a non-literary authentic text." **Language Notes**  
**Text: English, Spanish**  
**About the Author**  
**Donna Reseigh Long (Ph.D., The Ohio State University)** is associate professor of Spanish in the Department of Spanish and Portuguese at The Ohio State University. Donna has taught Spanish language at the middle school, high school, and university levels, in addition to language teaching methodology and service-learning courses. She has published numerous articles on service-learning, pedagogical techniques, and the history of Spanish instruction in the United States. In addition to her work on *DE PASEO*, she is co-author with Janice Lynn Macin of *AMISTADES*, for beginning college-level Spanish.  
**Janice Lynn Macin (Ph.D., The Ohio State University)** is the Director for the Spanish Language Program in the Department of Spanish and Portuguese at The Ohio State University. Janice has taught Spanish, English, and French at both the middle school and high school levels and has taught Spanish and methodology courses at the university level. She has published articles on teaching with technology and is currently developing courses for distance learning and individualized instruction. In addition to her work on *DE PASEO*, she is a co-author with Donna Reseigh Long of *AMISTADES*, for beginning college-level Spanish.
