Peterson's : DecisionGd:GradGd PhyScience04 (Peterson's Graduate Programs in Physical Sciences) before purchasing it in order to gauge whether or not it would be worth my time, and all praised DecisionGd:GradGd PhyScience04 (Peterson's Graduate Programs in Physical Sciences):

An exceptional blend of up-to-the-minute, authoritative advice and well-researched program data from hundreds of institutions, this discipline-specific series is a perfect resource for any prospective graduate student. In addition to the latest facts and figures, these guides feature insider's advice giving readers a full range of their options. -- Academic programs -- accredited master's, and doctoral degree programs -- Entrance requirements and applications deadlines --

Tuition costs and financial aid advice -- Faculty research interests

From the Publisher Features and Benefits: This edition continues the collaborative efforts between Petersons and Educational Testing Service and the Graduate Record Examinations (GRE) Board. This collaboration builds upon Petersons research and publishing expertise and the GREs long-term relationship with the graduate education community. Profile information is presented in readable format and is updated every year. About the Author Foreword is by Sandra Reed, Former Dean of Graduate Studies at Savannah College of Art and Design. Reed grew up in Iowa. She received a full scholarship to attend Drake University, where she received her B.F.A. in painting and drawing. She earned the M.F.A. in painting from The George Washington University as the first Morris Louis Fellow in Painting. She taught at academic institution's Resident Associate Program, prior to moving to Savannah in 1993 to teach at the Savannah College Art and Design. She lives with her husband, John Spurlock, a painter and printmaker, in Savannah, Georgia.
