**Lewis C. Lin : Decode and Conquer: Answers to Product Management Interviews** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Decode and Conquer: Answers to Product Management Interviews:

0 of 0 people found the following review helpful. Good training material and eye opener. By Occasional Reviewer For me it offered a lot of aha and wow moments. It is an eye opener to what others might ask of you during an interview and you never encountered in those many years of experience under your belt. The more years of experience you have

the more unacceptable " that never happened to me" is, no matter how true it may be. Definitely an eye opener to what might be waiting for you at an interview.1 of 1 people found the following review helpful. Funny because I do the work nowBy S L.I feel so much more confident in my ability to interview for these jobs. Funny because I do the work now, and am very good at it, but it's about being able to answer quickly and show confidence in an interview setting which is a little different than the day to day work.1 of 1 people found the following review helpful. Great read with very concrete examples and answersBy A CustomerThe content was very relevant to the critical needs in breezing through a PM interview. There were a lot of very relevant scenarios, questions, answers and techniques to apply when faced with interview questions. I certainly recommend it.
