Brigitte M. Turneure : Der treffende Ausdruck: Texte, Themen, Übungen (Second Edition) (English and German Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Der treffende Ausdruck: Texte, Themen, Übungen (Second Edition) (English and German Edition):

discrepancies in meaning. I went through this book on my own, memorizing the vocabulary and doing the exercises and made great progress at least in my understanding of the little discrepancies. There are still things that come up about which I'm not sure, but this book really solidified some of the more notable differences for me. My professor used this book when he was studying German at Stanford under the instruction of the author, Brigitte M. Turneure. This kind of book is definitely very useful for those at an advanced level of German. Once you know the grammar of a language, I think these little discrepancies become more important and more of an obstacle. Excellent book if you're willing to work independently with it with motivation. 0 of 0 people found the following review helpful. Five Stars By Denis excellent 2 of 3 people found the following review helpful. Good Reader By Amy The reader is well organized and still incorporates some grammar points and vocabulary. Good for the intermediate German student.

Written to fill the need for a core text in third-year German conversation and composition course, *Der treffende Ausdruck* became, upon publication, the leading book in its field.
