Very uncomfortable, can't describe it other than it smelled like it was in a stuffy room and or had in been stuck in warehouse for too long? A little spritz of perfume and it was all good! Wonderful textbook.1 of 1 people found the following review helpful. DEUTSCH HEUTE successfully develops the skills of introductory German students by maintaining a focus on building listening, speaking, reading, and writing skills. Manageable for two-semester courses, the Tenth Edition covers grammar in a logical sequence. Each chapter contains many function-based activities that focus on specific emotional expressions. Students are introduced to contemporary life and culture in German speaking countries through a cast of recurring characters who appear in the "Bausteine fr Gesprche" (dialogues) and in some readings and exercises.
