speaker. He hears words in English and he can look up the words in a Spanish-English dictionary, but sometimes he isn't exactly sure which word is the best. The Spanish dictionary helps him sort out various words that have similar meanings. He's very happy with the dictionary.0 of 0 people found the following review helpful. greatBy AMZ CUSTmy kid has been using this since school started, great Dictionary11 of 11 people found the following review helpful. Diccionario de las Lengua Espanola-EsencialBy AlfThis is an excellent dictionary for those who speak Spanish well but need a dictionary to expand Spanish words knowledge and usage in Latin America. Great value. Just make sure you get the -Esencial- volume as there are similar versions that provide translations from Spain rather than Latin America.

This essential pocket dictionary of Latin American Spanish is packed with clear and simple definitions. Compact and attractively priced, it is ideal for the student or traveler.
