Very Good DictionaryBy John W2000I love this dictionary because it contains multiple definitions for each word, including "figurative" definitions that often apply in literature. I primarily use the dictionary to help me understand new words and terms while reading books written in Spanish. I believe I learn more by using a dictionary of the Spanish language than by using a translating dictionary. It is interesting that it claims to be a dictionary of "Modern Spanish", but lists the letter "ch" separately. This can be a bit confusing when looking up a word containing "ch". My main complaint about the dictionary is the extremely small print. I guess this was necessary to make such a "large" dictionary fit into a small format.0 of 0 people found the following review helpful. Four StarsBy Linda Amadizgood
