**Jose maria Zainqui : Diccionario Razonado de Sinonimos y Contrarios (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Diccionario Razonado de Sinonimos y Contrarios (Spanish Edition):

1 of 1 people found the following review helpful. El mejor diccionario de sinnimos.By Yilda A. Ruiz-monroyIf there were more stars, I would give them to this book. I have had it for about 30 years, and it is one of my favorite, indispensable books. As far as I know, this is the ONLY dictionary that explains very carefully to you when to use a word. In other words, this dictionary is much more than just a list of words that are supposedly meant to be synonyms. This takes into account the difference between denotation and connotation. Not all synonyms can be used in any place. I assure you that there are many dictionaries of synonyms but none of them is like this. I feel bad that it is not in kindle.Este diccionario es la maravilla para los que trajinamos todos los das con el idioma. No conozco ningn otro diccionario con una explicacin tan clara de cmo y cundo usar cada palabra. He tenido este libro durante 30 aos, y es, literalmente, mi mano derecha. El autor conoce claramente la diferencia entre denotacin y connotacin. Los dems diccionarios que conozco en este gnero, se limitan a hacer listas de palabras sin ninguna explicacin. Solo lamento que no est disponible en Kindle.
