I am using Duolingo but that only shows so much and doesn't break the grammar down like a textbook does so this is a great addition. 1 of 1 people found the following review helpful. Nice text By C J. Very nice text. Had a version 9 but instructor switched to 10 this past semester. Not too much different, but updated with more modern terms and current events. 0 of 0 people found the following review helpful. Extremely disappointed!! As soon as I unwrap the book ... By Tyler Pointzes Extremely disappointed!! As soon as I unwrap the book out of the plastic it all falls out of place!! Seriously? And it's supposed to be brand new. I definitely feel cheated

out of my money for this, I would like a refund or an exchange for an actual that holds the pages! Absolutely unacceptable. I needed this book for class as soon as possible and this is what I receive.
