From Brand: McGraw-Hill Contemporary : Dictionary of Chicano Spanish: Diccionario del Espanol Chicano (English and Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary of Chicano Spanish: Diccionario del Espanol Chicano (English and Spanish Edition):

3 of 3 people found the following review helpful. Size Matters.By AngelsorsI haven't used it yet because I bought it for a course that was already over, in anticipation for other novels with Spanish words that crop up. I found that a previous purchase for a pocket size Spanish/English dictionary was completely useless in reading colloquial phrases by Chicano characters. But, in my rush, I didn't notice that the size of the book is in a very large format and unwieldy to carry around. So make sure you want a book this size before you order it. Also, the font and page setups are totally unprofessional (self-published?). That really doesn't matter to me, but you could be disappointed if these things matter to you.2 of 2 people found the following review helpful. Very Good ReadingBy JIf you want to learn the lingo of el barrio, this is the book that will help you understand what is being said. Que viva la raza!!1 of 1 people found the following review helpful. Excelent rendition of this language.By Rolando ContrerasThis dictionary covers much of the intended language and words. I would recommend it for language studies.

Revised and enlarged edition of a nicely done reference that lists (without pronunciation) and defines some 9,000 terms and idioms of Mexican-Americans, including colloquial, euphemistic, slang, and commonplace expressions. Annotation c. by Book News, Inc., Portland, Or."

Language NotesText: English, Spanish
