**Rh Value Publishing : Dictionary Of Does Donts For Writers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary Of Does Donts For Writers:

This book is meant to help every user of the English language to achieve a clear, uncluttered style. It carries two complementary appeals, one negative and one positive; do not encumber the natural grace of English with the uninspired expressions that encrust the speech and writing of the lazy and the ignorant; and try to make every sentence a fresh arrangements of words, free of faddish whimsy, mannerisms, inexact or worn-out metaphors, and the overworked locutions known as clichs.
