**A C Black Publishers : Dictionary of Food Science and Nutrition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary of Food Science and Nutrition:

4 of 4 people found the following review helpful. A great book for students!By Food Sci ProfI am a college instructor who teaches nutrition food science, and make this book available for my students. It is by far the most complete and understandable dictionary for undergraduate nutrition, food science, and food service managements students that I have ever found. Many of my students have bought their own copy!

Simple definitions of more than 6,000 food and nutrition terms are provided in this comprehensive reference. Covering subjects such as dietary requirements, chemistry, food preparation and handling, labeling, and commercial food production, this resource is ideal for students, employers, and employees who work with food in any capacity.

About the Author A C Black Publishers Ltd, founded in 1807 in Edinburgh, Scotland, and owned by Bloomsbury, publishes reference materials in addition to books on sports, fitness, and training; visual arts, glass, ceramics, and printmaking; all aspects of sailing and boating; and bird watching and wildlife.
