Eric Partridge, Wilfred Granville, Francis Gerard Roberts : Dictionary of Forces Slang 1939-1945 before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary of Forces Slang 1939-1945:

1 of 1 people found the following review helpful. Wonderful book although it doesn't address American SlangBy A CustomerI originally purchased this book to help with a historical writing project I was involved in. It proved to be somewhat useful in that endeavor, limited only because it didn't address American military slang during WW II. It's also just plain fun to read, offering, along with definitions, almost anthropological insight into (mainly) the WW II era British Army and Navy. A wonderful reference for anyone trying to get down the military slang from the 40's.

Book by Partridge, Eric, Granville, Wilfred, Roberts, Francis Gerard
