Abdul Mannan Omar : Dictionary of the Holy Quran, Arabic - English before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary of the Holy Quran, Arabic - English:

3 of 3 people found the following review helpful. Good Arabic Resource--even for reading something other than the Qur'anBy UlfilasThis book is unique, at least among the Arabic dictionaries of which I am aware. It allows you to look up Arabic words alphabetically, as you would using Al-Mawrid: A Modern Arabic-English Dictionary but also refers you to the three consonant stem to which each word corresponds. In fact, this book provides the equivalent of one to several paragraphs outlining the variants of each three consonant stem. In this way it sort of bridges the gap between a dictionary like Arabic-English Dictionary: The Hans Wehr Dictionary of Modern Written Arabic in which the words are organized by the three consonant stem and a strictly alphabetical dictionary such as Al-Mawid.1 of 1 people found

the following review helpful. This help individual's like me to know Arabic and to understanding the words ...By Lisa Calhoun
This help individual's like me to know Arabic and to understanding the words and understand the al- Quran much better

By Mohamad K. Yusuff
Book for the Layman: For the student and layman, whose mother tongue is not Arabic, the "Dictionary of the Holy Qur'an" (Arabic-English) by `Abdul Mannan `Omar is without doubt an intimate and indispensable companion book to the study of the Qur'anic Text. This dictionary is especially geared to the novice, student, and layman, and even to serious scholars studying classical Arabic.
Debt of gratitude: Without hesitation or reservation, I have to state that we are deeply indebted to the venerable Mannan family, who have published and facilitated publication of several scholarly works on Islam. I pay special tribute to the author of this dictionary for his dedication to Arabic scholarship by virtue of this book, which accents the beauty and magnificence of the Arabic Qur'an.
Best Single Volume: This book is the best single volume dictionary available on Qur'anic Arabic outside of the respected and popular E.W. Lane's "Arabic-English Lexicon," which comprises several volumes. Another book, different but to a extent complementary, is Hanna E. Kassis "A Concordance of the Qur'an." The latter of course, is an English-based volume, requiring no knowledge of Arabic, but it does provide Arabic roots for all English-based words, traced to various Qur'anic translations. The prime difference between Mannan's dictionary and Kassis' concordance is that the former requires elementary knowledge of the Arabic alphabet, while the latter does not! Both are equally accessible to the layman.
Ease of Use: Mannan's dictionary follows the same method of use as any standard English dictionary. It is arranged in Arabic alphabetic order, following the sequence of fathah, kasrah, and dammah, in Index 1 (282 pages).
Authoritativeness: finally, this dictionary permits the student/researcher to access the "classical" root meanings of all Arabic words used in the Qur'anic Text due to the fact that its very contents come from the best extant classical Arabic works, including Al-Mufradat, Lisan al-`Arab, and Taj al-`Arus.
Without hesitation, I strongly recommend Mannan's dictionary for anyone interested in a casual or serious study of the Islam's sacred text.
sincerely, Mohamad K. Yusuff

This one of a kind work is an easy to use dictionary of the Holy Quran based on several classical Arabic dictionaries. This dictionary has been widely used in classrooms across the country and is a true must have for teachers, students, scholars and anyone interested in studying the Holy Quran. Highlights: 1- Easy to find and understand the real, classical, and root meaning of all Quranic Words. 2- All root-words of the Holy Quran and their derivatives are included. 3- Various shades of meaning are highlighted. 4- Two indexes have been provided: Index #1- The Quranic Words- Each Quranic word is alphabetically arranged according to the Arabic alphabet, with the cross reference to the basic 'root-words'. This is ideal for beginners. Index # 2 - Basic Quranic Root-words- All the Quranic basic 'root-words' arranged according to the Arabic alphabet. 5- The etymology, function, and wherever applicable the abbreviations are given from the most authentic sources available. There are explanatory notes, grammatical comments, and examples in phrase and poetry. 6- Classical Arabic Dictionaries combined in one. Some of the classical dictionaries used: Al-Mufradat fi Gharib Al-Quran by Abdul Qasim al-Husain al-Raghib, Lisan al-Arab by Jamal al-Din Abu al-Fadzl Muhammad bin Mukarram bin Manzur, Taj al-Arus min Jawahir al Qamus by Muhammad al Murtadza Husaini, The Arabic English Lexicon by Edward W. Lane etc. 7- Contains useful Appendices: Appendix # 1- An Overview of the Dictionary. Appendix # 2- System of Punctuation. Appendix # 3- System of Transliteration of the Arabic Words. This PAPERBACK EDITION is a must have for anyone interested in understanding the Holy Quran. The excellent paper quality makes it an excellent gift.
