Finding comprehensive French dictionaries isn't as easy as it may sound, and if you need slang....good luck.  
This one fits the bill nicely.

By George Singleton  
A super handy pocketbook dictionary that translates everyday language from either French to English or English to French.  
Great tool to augment the more formal text on a foreign language.

L'ouvrage s'adresse aux anglophones comme aux francophones. Il recense l'argot d'aujourd'hui, qu'il soit britannique, français ou relève de l'anglais international (largement d'origine américaine). Il couvre le familier/populaire, mais aussi le grossier/choquant en indiquant ces registres aux lecteurs. De nombreux exemples mettent en contexte l'usage des termes présents. 60 000 termes et expressions. Edition revue et mise jour en 2012.
