Scientific Publishing : Digestive System chart: Laminated Wall Chart before purchasing it in order to gage whether or not it would be worth my time, and all praised Digestive System chart: Laminated Wall Chart:

The Digestive System chart depicts the overall system, from salivary glands to the rectum, with labeled organs and cut-away views showing internal structure. Additional images help to visualize the tissues of the large and small intestines, including nutrient absorption in the intestinal lining. Heavy gauge 3ml lamination with sealed edges and two metal eyelets for hanging makes chart highly durable. Write-on/wipe-off with dry erase marker (not included).
