Lenie Johansen : Dinkum Dictionary: A Ripper Guide To Aussie English before purchasing it in order to gage whether or not it would be worth my time, and all praised Dinkum Dictionary: A Ripper Guide To Aussie English:

3 of 3 people found the following review helpful. Don't go to Australia without itBy Virginia AllainThe Aussies are amazingly inventive and colorful in their language. Guess the meaning for "go at it bald headed" or "neddies." This dictionary clearly defines such stumpers. Sample definition: on the bot - cadging/borrowing, usually with no intention of paying back.At the end of the book are useful lists, such as occupations (garbo/garbage collector, minder/bodyguard, sparkie/electrician) or 3 pages just listing words for fools (chucklehead, drongo, galah, gink, troglodyte, yobbo) and another 3 pages of drinking words.It's fun to read, even if you never make it to the land down under.1 of 1 people found the following review helpful. Corker, it's a bottler, a really grouse OZ dictionaryBy David SwannAs a writer I find it a fabulous resource of the inique turn of phrase that Australian's use. It is a very colorful language, raw, rude, funny, visual, dry, toungue in cheek, always irreverant, rebellious and never dull. It's a brilliant guide for those who want to decifer what the hell we're talking about amd a great insight into the colorful origins of out culture. I've had a copy for over ten years and I'm still using it.

A ripper guide to Aussie English!
