From Brand: Smithmark Pub : Dinosaur: The Ultimate Dinosaur Encyclopedia (Children's Treasury Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dinosaur: The Ultimate Dinosaur Encyclopedia (Children's Treasury Series):

0 of 0 people found the following review helpful. Great Pictures! By Joseph Stanton This book had several new dinosaurs not mentioned in my son's other dinosaur books. He really liked the pictures. We would recommend this to others. 13 of 13 people found the following review helpful. A great book for little dinosaur lovers By A Customer I have read a lot of books about dinosaurs to my son...but this is one of the best I have run across. The information is presented very well. The book lists the dinosaurs according to the time period in which they evolved. It also has information on climate, diet, special characteristics of each dinosaur, and little scenarios depicting dinosaur life. My

son especially liked the comparative studies between different species. The pictures are fantastic. It is detailed enough to answer most questions a child would ask..yet not too complicated. If your child is too young to read well...then be prepared to read aloud till you are hoarse! The only negative that we saw.. it does not describe every dinosaur ever discovered!

Book by Barrett, Paul
