**Michael A. Dirr : Dirr's Hardy Trees and Shrubs: An Illustrated Encyclopedia** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dirr's Hardy Trees and Shrubs: An Illustrated Encyclopedia:

This bestselling encyclopedia, illustrated with brilliant photographs, describes the best woody plants adapted to cooler climates, showing both habit and details of more than 500 species, and including some 700 additional cultivars and varieties. Brief cultural information is supplied for each plant, as well as Dirr's perceptive comments and opinions.
