0 of 5 people found the following review helpful. outstandingBy A CustomerWonderful, simply outstanding. This book is simply masterful in the way it analyzes the child's mind. I feel safer with my own children. This reminds me of a song. It goes like this: " My friend's got a girlfriend and he hates that (explicit) he tells me everyday. She wants more dinero just to stay at home, well my friend you gotta lululul, children are neat and cool' Twenty-two points, plus triple-word score, plus fifty points for using all my letters. Games over. I'm outta here.
