Scientific Publishing : Diseases of Digestive System chart: Laminated Wall Chart before purchasing it in order to gage whether or not it would be worth my time, and all praised Diseases of Digestive System chart: Laminated Wall Chart:

The Diseases of the Digestive System chart is a detailed overview of digestive system issues. The main graphic shows the system with labeled organs and cut-away views showing internal diseases such as ulcerative colitis and polyps. Heavy gauge 3ml lamination with sealed edges and two metal eyelets for hanging makes chart highly durable. Write-on/wipe-off with dry erase marker (not included).
