And it was the best thing that happened to my resume. If you can find a copy, get it. Virtually guaranteed to make your resume the best it can be!By A CustomerI would recommend this book to \*anyone\* writing or revising a resume...if only it were in print! Ed Good is unfailingly easy to read, and he makes his points clearly and often humorously. sure you already are that you know what you're doing, this book can surely teach you a few things about writing your resume.
