I Don't Usually Give 5-Stars for ANYTHING!!By KimBut this book has helped me not only write my resume after my 28 years of military service but also to help my friends family write theirs after losing their jobs. I have recommended it to many people over the last several years even now to my Soldier For Life-Transition Assistance Program (formerly "ACAP") Counselor. By far, bar none, THE best resume building book you could read!

In an era when the United States military is reducing its forces, this guide provides useful advice about translating

valuable military experience onto a resume for a civilian job. Original.
