My first dog I'm alone I trained, and it was easy. But this little puppy is very stubborn and I see that I have to use a different strategy. In this book I found useful guidance and advice. Now my dog does not pee everywhere, and he learned to eat from his bowl. I hope that soon he will learn and the other basic things. For me, this book is a great help.0 of 0 people found the following review helpful. Self-published booksBy Kate M.This is a self-published book. Almost every self-published book out there is awful, because the book writer doesn't begin to know how to write clearly and without misspellings. Sorry, but I hope to never see another self-published book again!0 of 0 people found the following review helpful. So helpfulBy Kindle CustomerBeen a long time since I have had a puppy, so I needed all the help I could find! Kept coming across this book, so I thought I would give it a shot. It was a great read, to the point and very helpful. We have learned a lot and understand more about puppies.

Let me guess?You're trying to decide what type of dog you should get.How to train them.And what do you need to train them correctly.Right?Well, Keep reading if this sounds like youDog training can be a joy or a nightmare, it really depends on which approach you take to it, and puppy training is like teaching a child, if you show them the right direction they will start to catch on.This box set is a combination of my two best books: The Complete Dog Training Guide The Complete Guide To Housebreak Your Puppy in Just 7 Days.Your probably thinking, do you need both? RightBoth books have their unique take on training a dog, whether you have just adopted a new dog or you have a new puppy which is only a few days old, each book has a different view and will give you a different perspective.Each section is broken down in a different way, one section will show you how to housebreak your new dog or puppy. Housebreaking rules apply the same for both dogs and puppies, and the best thing is, if you do right it works in just 7 days. You want to be able to get your new dog out and about and in the other section it will give you an overview of how to train a dog, inside and outside the house. When you take your dog to the park, walking on the street and other places you will be able to train them so they behave appropriately. You will also learn cool new tricks you can teach them.If you were nervous about bringing your new best friend into your home there is no need to be now. You will learn everything you need to know from the moment you meet your new best friend all the way to when he is walking beside in the park, you know they aren't going to misbehaveA Happy Dog is A Happy You!It's time to stopping thinking and start applying the skills you need, here are some of the skills you will learn:Where to Start After Deciding You Want a DogTraining Your New DogBasic Obedience TrainingSocialization SkillsTraining Dos and DontsHouse Breaking A Puppy - A Few Donts, And How To Avoid ThemPoop Patrol- Identifying Your Dogs Poop SignalsCondition Your Puppy - The Magic Of Positive ReinforcementI Have Two Questions For YouDo you want your dog to be Happy, Well Trained and Obedient?Do you want to find a way to make training Easy and Fun?If you answered yes, you need to do two things:Scroll to the top of this pageCLICK BUY NOW!
