Gold, Ph.D.I'm one of those people who feels totally lame in the kitchen when it cmes to knowing almost all of what Donya Marie's offers in this handy book. Having tasted her food in a variety of ways in the past, in a restaurant setting, at home after ordering her products, I can't wait to start putting her ideas into use. Bring on the cook books!1 of 1 people found the following review helpful. FINALLY!By D. RadilThis is a great book. It's easy to navigate, full of so many things you'd never think of but wish you'd known. We've sampled this lady's culinary masterpieces and believe, she knows what she's talking about. How fantastic that she finally wrote it all down.DianaDewey, AZ
