I'm of Scottish descent, so wanted to learn Doric. There aren't a lot of resources, but I stumbled across this one.Some of the scenarios and practice questions are truly funny. This not only makes me want to continue, it helps me remember as well. It's logical, laid out well, all that good stuff; the humor puts it over the top.0 of 0 people found the following review helpful. Good book for learning about a dialect of a section of ScotlandBy Dr. Richard B. BrownMy wife is of Scottish decent, and she used the book to learn the lingo of
