Tracy D. Terrell, Magdalena Andrade, Jeanne Egasse, Elas Miguel Muoz : Dos mundos: En breve: Comunicacion y Comunidad before purchasing it in order to gage whether or not it would be worth my time, and all praised Dos mundos: En breve: Comunicacion y Comunidad:

0 of 0 people found the following review helpful. They lied about the condition it was in...IT WAS IN BETTER CONDITION THAN DESCRIBEDBy Michael GoodeauxI ordered this book because my Professor required this specific edition and my school didn't carry it. Looking to save money, I ordered it "USED", in what was listed as "GOOD" condition. Didn't expect much. Maybe a few torn pages here and there.However, when it came in the mail (earlier than what was told to me, which made me happier), it was in PERFECT condition. I swear, it looked like it had not ever been used. I only paid \$9 for a perfect condition textbook that would have normally \$100+.DEFENITLY HAPPY WITH MY ORDER.0 of 0 people found the following review helpful. Five StarsBy jessArrived on time and product is as described0 of 0 people found the following review helpful. Great ValueBy Tiffany BMy College

bookstore wanted \$115 for this same book as a loose leaf version. This book is hardback, and cheap! Mine did have writing in it, and many of which were answers. As I took this class online, they came in handy to check my work.

Dos mundos made its name as a pioneer in Beginning Spanish, and has maintained its spirit of innovation through many successful editions: today, it continues to be one of the best-selling beginning Spanish language textbooks in the nation. Based on the communicative approach, Dos mundos stresses the use of engaging activities in a natural and spontaneous classroom atmosphere. In this research-based approach to learning language, the development of communicative language skills is the central goal, with formal grammar presentation and practice at the service of communication.

About the Author Tracy D. Terrell (late) received his Ph.D. in Spanish Linguistics from the University of Texas at Austin and published extensively in the area of Spanish dialectology. Professor Terrell's publications on second-language acquisition are widely known in the United States and abroad.
