**Gaslight Dave Leitner : Duct Tape and Paracord - a Do It Yourself Disaster Survival Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Duct Tape and Paracord - a Do It Yourself Disaster Survival Guide:

The inspiration for this book came from living in areas of the country prone to hurricanes, earthquakes, wildfires, floods, and tornadoes. In addition I have also lived near nuclear power plants and naval bases that stored nuclear weapons. All of these places have been at risk from natural as well as manmade disasters. Should any of these things happen as well as, say, economic collapse or the collapse of our government - the information in this book will become invaluable. The items listed with in, and on my website for purchase, can be used in all manner of survival situations. From not having electricity for a few days, up to and including having to abandon your home due to

extraordinary circumstances, these items will allow you to survive and make your way to safety. I have researched and used the items in this book and they work for me and my family. My wife and I have read the manuals and know how to handle these items safely. The mileage that you get from these items and ideas is entirely up to you, the reader. I am in no way responsible for your results. I hope that these things help to bring a measure of security to you and yours.
