Good book for learning basicsBy kjextremeIn an effort to learn Dutch for an upcoming vacation we are using this book to better understand some words. There is a CD that helps with pronunciation but we wanted to learn more than this book offered so we bought Rosetta Stone which is much more in depth but also considerably more expensive. It all depends on your ultimate goal0 of 0 people found the following review helpful. Five StarsBy terry l. erneVery pleased with my purchase Dutch for Dummies. It's in good shape also easy touse.
