**Katharine Hansen : Dynamic Cover Letters for New Graduates** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dynamic Cover Letters for New Graduates:

0 of 0 people found the following review helpful. Like an introduction to cover letters, but not a go-to guide. By Brian Rose This book ended up being best as a brief intro to the world of cover letters. Depending on the industry you are going into, and the specific company applied for, you will need to do further research to truly make a superb cover letter. If you have money to spare I say get this because it will assist you, but it won't be your go-to guide for cover letters. Cover letters require nuance, and you have to be willing to research the culture of the company you are applying for, and say you are excited because that particular culture resonates with certain attributes you bring to the table. Go this extra yard, and you will find the world opens up for you rather quickly. 0 of 0 people found the following review helpful. dated but still a great resource By R. J. This is a great book with lots of sample cover letters. Although the book was published in 1998 and things have changed a bit since then ( we use a lot more e-mail and lot less paper ),

the material is still relevant and covers most professions. 0 of 1 people found the following review helpful. Cover Letter Book By Aine Myth I really haven't looked at the book yet, but it seems to be in good condition and I received it in a reasonable amount of time. I'm sure when I get a chance to read it, it will help me write a good letter, hopefully it will help me get some interviews.

In this all-new book, the author of the bestselling "Dynamic Cover Letters" tailors her excellent advice to that most vulnerable of job seekers, the college graduate, offering tips for cover letters that get results.
