Suzon Tropez : Dynamite Resume: Your Calling Card to Success before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dynamite Resume: Your Calling Card to Success:

1 of 1 people found the following review helpful. Very HelpfulBy MillsPAs someone who is currently employed I can tell you that is not enough in today job market. It is of the utmost importance to have a current, streamlined and up to date resume at all times. I have found it difficult and tedious (quite honestly) in the past to tailor my resume to the company and or job/position that I am applying for and I have found that it can make your job search ten times more

difficult. I must say that while this book has not given me pleasure in tailoring my resume it has made it easier to do so and I have also learned several other important tidbits about resume writing that I have incorporated into my own resume. This is a great guide to have it will most definitely help you keep your resume updated and "on top of the pile". 1 of 1 people found the following review helpful. Easy to understand and implement
By lydaalexander
This is a great how-to guide for building a resume that will be competitive in today's tough job market. Suzon Tropez lays out a simple approach, based on what she calls the 5 C's, and her approach is very easy to follow. Each of the 5 C's is explained in easy to understand language, and is easy to implement in your own resume. I'm not currently looking for a job, but I used these tips to update my own resume (just in case!). I would recommend this book to anyone who is currently looking for a job - it is very helpful!
1 of 1 people found the following review helpful. Great Resource for Today's Resume
By ginagina24
An excellent, up-to-date, easy to read and apply guide to get your resume noticed. If you follow the 5 C's approach the author has outline in the book your resume will outshine all others. In today's struggling job market, with hundreds of people applying for the same job, this book is a must have. My updated resume after using this book is clean, tailored to a specific job, highlights my strengths, and gave me a better in-site to what managers are looking for.

Want a resume that is going to get you noticed and give you positive results? Apply the 5C's approach suggested by Suzon Tropez.
