More detailed than a standard atlas map, folds super easilyBy B.M.C.These maps are quite detailed (more than a standard map atlas in my opinion, but probably a little less than a huge fold out paper map). They offer most all the roads an out of state traveler would ever need to know about. I use a GPS, but my wife likes to follow along on the map and the map gives us a much better overview than the GPS can.I live in Alabama. I have been impressed with the number of small towns, even communities, listed on the map.These maps fold so easily. And if you spill something on it, no problem. Just wipe it off.1 of 1 people found the following review helpful. Alabama mapBy Wayne W.
