ThomasI had never driven in Georgia before, and as I was trying to get to Atlanta, I needed a map that was easy to read. This map was great! It was laminated, which makes a huge difference. With a regular map, the part you want to read always seems to be in the worn out folded part. With this map, you never have that problem. Also, you can spill your coffee on it, and still be able to read it. Clear markings, very helpful.

The durable and convenient Georgia EasyToFold state map will take all the wear and tear your journey can dish out. The heavy-duty laminated design allows you to mark your route, make notes, then wipe the surface clean for further use. This is a must-have for navigation whether you're a state resident or just passing through. Easy to fold means no fumbling Heavy-duty lamination allows you to write on, wipe off Durable and tear resistant Folds to display individual map sections Full-color maps with enhanced cartography Clearly indicated highways, county boundaries, points of interest, and more Quick-reference legend and city indexProduct DetailsDimensions: 9" x 4.25" folded; 18" x 17" unfolded
