I recently used the Northern California version of this map for a trip up the coast. It was great to use when planning with my riding buddy. We could use grease pencils or dry erase markers to map out routes as well as marking points of interest. If we changed our minds, we could just wipe it clean and start over. When on the road, the map folded easily, stayed dry, and didn't flap around in the wind. Because of the lamination. I must have unfolded and folded that map 50 times and it doesn't show any signs of wearing or tearing. Will buy one for any area I plan on touring.1 of 1 people found the following review helpful. Get these!!By S. HibdonGreat map series. I highly recommend any state map of this type! For one that uses good old fashion paper maps, this product is for you.I also use these to confirm what my GPS says! Nothing like redundancy!! I have used the free state maps you get from welcome centers or other venues when travelling had problems with them tearing along the folds or simply wearing out. This eliminates this problem. These maps should last indefinitely with the economy tanking, I don't expect any radical changes or many new hwy's to be built in the near future. However should there be new highways, these maps could easily be drawn on with any marker to modify the map. Great product well worth the \$\$!!Additionally, I am a motorcyclist that does 1-3 long distance trips a year usually solo. I have about 20+ various states worth of these maps because they are really durable, waterproof (a must on a motorcycle!) you can fold them up repeatedly to the specific section you are interested in. Space is a premium on any bike but I make room for these maps in my grip. Even if you aren't a motorcyclist, these maps are great cause they won't rip! Buy em!0 of 0 people found the following review helpful. Sounded GoodBy LauriI liked the idea of the lamination after our old map was shredded after 2 trips through Nevada. That being said, this is a very much shrunk down version of the map that is too small to show enough detail for traveling. I'll be buying another paper version so I can find my way around.
