mainly because it was one of my favorites back in the 60s, when I was a kid, I also regarded as very important the option to access the online dictionary, by registering using the code provided by the book. Well, so far, after a week trying, is a complete failure. All I got is a message telling "Code is not activated", in Spanish. Tried both via Chrome and IE. Same result. Sent an email to the website, to the publishing house in Mexico, like a week ago: no answer at all, not even a receipt notice. Searched everywhere for instructions about "How do I activate the code?", none found. Totally disappointing so far. 4 of 4 people found the following review helpful. Spanish Larousse By Francoise Dubois Anyone who speaks Spanish should have one of the Larousse illustrated in Spanish, it is very educational, especially for people who want to improve their language. It had many pictures and explains very well what the words mean. This has been a great help to confirm the meaning of words to students. 3 of 3 people found the following review helpful. A FANTASTIC DICTIONARY/ENCYCLOPEDIA: GREAT FOR EXPANDING YOUR SPANISH!! By alltatu I owned my first one of these in the 1970s when I used it instead of a bilingual dictionary in my process of learning Spanish. It's a classic with great quality paper and photographs. I think it's my all-time favorite Spanish dictionary
