**Tony Bacon : Electric Guitars: The Illustrated Encyclopedia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Electric Guitars: The Illustrated Encyclopedia:

0 of 0 people found the following review helpful. used books on , well worth it!By str8\_crackerI ordered an illustrated guitar book (used) on .com and it only had one tiny little tear on one page that had no pictures on it anyway or any writing on it....it took about 7 days.I will definitely go to, .com, for any book in the future first, before spending a bunch of money elsewhere and having to drive to, God knows where, to get it.I was also surprised that they even had that particular book because I was looking for that book specifically since I had the acoustic guitar book that goes along with the electric guitar book that I got from .....and it only cost me \$6....MSRP is \$30....1 of 1 people found the

following review helpful. The Ultimate Guitar Encyclopedia , as advertised. By malachy kelliher Sorry it took so long to submit this rating. great buy. Quickly delivered. Book is in great shape. a world of guitar info. and facts. tons of great photos. I learn something new every time I pick it up. Great coffee table or bathroom book. I'm very happy with this. It will bring years of satisfaction to myself and my family of guitar players..... THANK YOU !!!!!0 of 0 people found the following review helpful. Great collection of guitars...By M. Wortz This is a wonderful "coffee table" book for the guitar lover. Great photos and anecdotes of many of the electric guitars made from the late 1930's to modern day. Highly entertaining.

From the award winning team that produced the best selling Ultimate Guitar Book comes the most comprehensive book about the electric guitar. Its A-to-Z format covers more than 120 makers from around the world and details their successes and failures through 1,200 unique color, studio quality photographs. The book focuses on the iconic electric guitar with an introduction that places the electric guitar in a historical context, running from early acoustic instruments in the 16th century to amplification experiments in the 1930's. The main body of the book is the A-to-Z of brands, covering the key 65-year period from 1935 to 2000.
