helpful. Great For Creating Posting Web Resumes!By A CustomerThe Internet has opened many doors for employment opportunities in recent years. Many Websites, job boards, and books have been produced to help people find the jobs they want and to help employers find the people they need. Electronic Resumes Online Networking by Rebecca Smith is one book job hunters should seriously consider picking up. It will provide plenty of resume writing and job searching assistance. This book is wholly devoted to creating electronic format resumes for posting online. It sets forth important guidelines for them. The author provides detailed instruction on how readers should structure resumes for electronic distribution. The author also spends a good deal of time helping her readers to create their own Web resumes. Web resumes, one of the latest developments in job hunting, allows job seekers to have more control over the way they present themselves to prospective employers. They offer job seekers an excellent opportunity to create online portfolios of their work histories, professional accomplishments, art and photographic work, testimonials, and personal photographs. Web resumes, due to their unique nature, are very economical to create, maintain, and update on a regular basis. Plenty of ideas and examples are provided to get readers started right away! The author includes literally hundreds of Websites, many of which allow readers to apply for work online, some according to their own industry. Other sites offer further assistance in finding employment, creating Websites, obtaining graphic images, and more. An excellent listing of recommended reading materials is provided at the back of the book to offer further assistance in creating resumes, Websites, Web graphics, using e-mail, and learning HTML programming. This book is highly recommended for job seekers who feel comfortable about posting their resumes online. They will have the opportunity to reach a broader number of employers with specially-tailored resumes. Interested persons could also open up their own online resume posting services as well. This book will teach them how!
