Five StarsBy erica fisherIs not written by emirates personnel but gives excellent tips to prep you for success.

Emirates are quoted to receive over 15,000 applications every month, with 2013 seeing a yearly total of 129,000. With this volume of applicants, the balance of power lies firmly in the hands of the recruitment personnel, who can afford to be highly selective.This balance of power has led the way to great changes in the recruitment process and candidates are put through a gruelling screening process, whereby recruitment personnel have an opportunity to secretly eliminate large numbers of unsuspecting candidates as early as possible.Within this guide, you will be taken behind the scenes of

the Emirates interview selection process, where every aspect of the process is described in detail, complete with examples and numerous tips. So whether you are a seasoned applicant who is finding yourself frustrated at another unsuccessful attempt or are a new candidate looking forward to your first interview, the insider secrets and step by step guidance will give you a huge lead over the competition.

Anybody who will study this book well should be more than prepared to ace an interview and change their life. Olivera Baumgartner-Jackson for Reader Views I have to admit that I had my share of doubts when "How to become Emirates Cabin Crew" by Caitlyn Rogers landed on my desk. Quite frankly, I just wasn't so sure how useful a book targeting the future flight attendants for Emirates Airline could be for anybody outside that limited and select group. I mean, how many cabin crew members could they even want to hire? So I plunged in without any particularly great expectations. And I was immediately amazed... and hooked. Ms. Rogers begins by listing some facts about the Emirates Airline - and what facts they are! In slightly over two decades since they were founded with two leased aircrafts they have grown to an award winning world class carrier, receiving over 300 international awards for customer service. During the last financial year (2006/07), they carried 17.5 million passengers. They served 90 destinations and 59 countries with nearly 550 flights each week. So I guess they must employ a fair number of cabin crew... The following parts of the book introduce the Emirates Cabin Crew, What Emirates look for, The application process, The interview process, Questions and answers and Post interview. In an easy to read and fluid style Ms. Rogers informs the reader about everything one should know if one is considering applying for a position with the Emirates. Every aspect of the process is described in detail, with great examples and numerous tips. Although Ms. Rogers is clearly an expert, she never sounds preachy or condescending. Reading her book is much like having a trusted friend helping you with the whole process.
