Great "Read With Your Kids" BooksBy Mrs. FitzI remember reading these when I was a kid and was glad to see Encyclopedia back with some new stories.They are great because they make you(and your child) CONCENTRATE on the stories to find the clues to solve the mysteries. My son and I take turns, each reading a page aloud, until we get to the end of the story then we discuss what we think happened and why. Sometimes we are right and sometimes we are wrong. It's alot of fun and it helps him learn to "find the details"

in the stories. If you have a grade/middle school child, I'd highly recommend any of these books. 0 of 0 people found the following review helpful. My Grandson loved the Set.
