I love all of his books, keepers and items to collect and pass on. Beautiful book, kids get a lot of use out of it and the artwork is amazing for a pop up book. I would recommend the artist to ANYONE and have a ton of these pop-ups. I've never been disappointed, even if the price tag can look a little steep at

the start. Just beautiful and impressive.

In a breathtaking grand finale, the worlds mythical pop-up masters unleash monsters and dragons that have prowled countrysides and imaginations for centuries. Lurking behind this intriguing cover, a Kraken grapples with a ship on the high seas; dragons from Eastern and Western traditions spring to life; and a Medusa, snake-hair twisting and hissing, turns the reader to stone. Deeper inside, an ancient, decrepit vampire rises from his coffin; a lycanthrope is caught in the light of the full moon and transforms; and Bigfoot hides behind a tree, ducking his human pursuer. Master paper engineers Matthew Reinhart and Robert Sabuda unfold the legends and lore of cultures around the world to reveal these stunning creatures and many more. Pop-up fans and fantasy lovers will be equally enthralled by the dynamic creatures depicted in this astonishing volume, the climax of the Encyclopedia Mythologica trilogy.
