From Brand: Facts on File (J) : Encyclopedia of Birds (6-Volume Set) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Encyclopedia of Birds (6-Volume Set):

3 of 3 people found the following review helpful. Offers over 1,000 color photos of birds in the wild By Midwest Book Review This 6-volume reference ENCYCLOPEDIA OF BIRDS will provide an excellent, comprehensive reference for a range of libraries, from middle schools through high school levels and many a public lending library. It offers over 1,000 color photos of birds in the wild, includes diagrams and drawings, and discusses habitats, physical features, breeding, behavior and more. The blend of striking, lovely color photos and drawings and detailed natural history make it an exceptional student reference.

Details various aspects of different species of birds and provides insight into humans' fascination, and complicated relationship, with birds of all kinds. This book presents a comprehensive look at the world's most interesting birds, showing their extreme diversity as well as common features including wings, feathers, and hollow bones.
