The products were exactly as I expected. And the expedite of my shipments surpassed my expectations. Thank you .1 of 1 people found the following review helpful. Great ReferenceBy Michael RushI really like and recommend this book for guitarists and keyboard players alike. Very comprehensive. Really is an encyclopedia of chords. Easy to read.0 of 1 people found the following review helpful. Very, very usefulBy SpotsWay comprehensive. Wish they'd make an app. Having it for both guitar and keyboard is soooo convenient for us not-quite-musicians who flail away on a variety of instruments.

(Music Sales America). You'll never be at a loss for the right chord with this book! This truly innovative resource for today's musician contains hundreds of common, useful chords for both guitarists and keyboard players. Each chord is presented in clear hand-position photographs and easy-to-read keyboard and fretboard diagrams. The book also includes special sections on scales, intervals and chord construction; progressions; moveable chords; alternate chord names; and more.
