**DK Publishing : Encyclopedia of Dinosaurs and Prehistoric Life** before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Dinosaurs and Prehistoric Life:

0 of 0 people found the following review helpful. Five StarsBy anj emmVery fun to flip through, and very informative for research0 of 0 people found the following review helpful. Huge Colorful Dinosaur book!By PinkI bought this used, and I got a crazy good deal. This book is great for adults as well as kids. It doesn't have EVERY dinosaur in it, but it has the important ones. It also has lots of good info, big colorful pictures, and an easy to understand time line of prehistoric events.0 of 0 people found the following review helpful. Five StarsBy Shengchun W.My kids love it. The quality of the book is very good.

The Encyclopedia of Dinosaurs and Prehistoric Life is just that: a spectacularly illustrated, comprehensive guide to the prehistoric world, and the plants and animals that lived there. With in-depth discussions of early Earth's eras of

hospitable (and inhospitable) climates, conditions, and the life forms that flourished and floundered.
