From Brand: Garland Publishing, Inc. : Encyclopedia of Early Christianity (Garland Reference Library of the Humanities, Vol. 846) before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Early Christianity (Garland Reference Library of the Humanities, Vol. 846):

0 of 0 people found the following review helpful. Poor binding on the hardcover edition By Michael Simone I am sad about this review because I so wanted the contents of this volume. The binding of this hardcover edition is terrible. This should be 2 volumes because, unless you're going to have sewn or hybrid binding, the spine will be very weak and it certainly is. It arrived with the spine already cracked at page 186. The point: probably great content (based on the reviews I was eager to use it) but the binding and presentation itself is quite inferior. 1 of 1 people found the following review helpful. Great Resource for Early Christian Theology By Larry D. Ellis This is a resource that can reveal the theological understanding of many of the ancient church fathers. It is topically driven and written in clear English. It can provide a reader with an expansive bibliography of many other works to help the reader gain a broad perspective on a number of topics. 0 of 0 people found the following review helpful. Five Stars By John doe A good book on the history of religions

First published in 1997. Routledge is an imprint of Taylor Francis, an informa company.

From Library Journal This single-volume encyclopedia contains 977 articles by 135 qualified scholars of various academic and ecumenical backgrounds, with coverage extending from New Testament times to approximately 600 A.D. Entries cover persons, places, doctrines, and practices and include some articles on modern scholars important to the study of early Christianity. The entries vary in length, but each begins with a brief definition, or identification, followed by chronological or topical development. Excellent short bibliographies following each article give patristic citations, editions, translations, and studies. The articles avoid technical language and provide good basic summaries of the material. This work will be useful for teachers, scholars, and students as well as for reference work.

Recommended for public and academic libraries.- C. Robert Nixon, M.L.S., Lafayette, Ind. Copyright 1990 Reed Business Information, Inc. ..."concise and reliable information. Highly recommended as a core title in all personal and professional Christian historical studies collections."-The Midwest Book "It is a testimony to the vitality and breadth of early Christian studies in North America. It is also testimony to the perceptive editing and revising skills of Everett Ferguson and his associate editors, Michael McHugh and Frederick Norris."-The Catholic Historical "[I]ndispensable for the scholar for its concise and accurate information as well as the basic and updated bibliography for every entry. We commend the editor, contributors and publisher for this major achievement and valuable reference on the early Church."-Coptic Church ..."provides a useful orientation to the major topics, the scholarly issues, and the literature through which to begin exploring an important but complex set of places, times, and people."-Church History "Remarkably successful in its aim to be comprehensive....This substantive reference work will continue to appeal to general readers and students as well as specialists. Highly recommended."-Library Journal About the Author Everett Ferguson received S.T.B. and Ph.D. degrees from Harvard University, where he was Honorary John Harvard Fellow. He has taught most of his career at Abilene Christian University, where he has twice been honored in his college as Teacher of the Year. Everett Ferguson has been president of the North American Patristic Society, served on the Council of the American Society of Church History, and is now on the Council of the Association Internationale d'Etudes Patristiques. His books include *Backgrounds of Early Christianity*, 2nd ed. (1993), *Early Christians Speak*, rev. ed. (1987), and (with A.J. Malherbe) *Gregory of Nyssa: Life of Moses*(1378). He was founding editor of *The Second Century*, co-editor of *Journal of Early Christian Studies*, and general editor of Garland's 18-volume *Studies in Early Christianity*(1993).
