Albert G. Mackey : Encyclopedia of Freemasonry Part 2 And its Kindred Sciences Comprising the Whole Range of Arts, Sciences and Literature as Connected With the Institution before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Freemasonry Part 2 And its Kindred Sciences Comprising the Whole Range of Arts, Sciences and Literature as Connected With the Institution:

1 of 1 people found the following review helpful. A Breath of Fresh Old-School Air in a Nasty and Limited WorldBy NotinthePenFor old-school Masons, this reference is essential. Written while Masonry was flourishing as a ordered

system of religious-and-social common mores, mores which were designed to keep civilization on the rails, the reference provides a useful and needed counterpoint to the deterioration of the social order in the 100 years since this volume was published. The entry "Crimes, Masonic" provides a set of standards by which the Masons were once competent at articulating and at policing within our own ranks. If Dr. Mackey were alive today and looking at whatever it is that has happened to the social order, it is clear that he would not be a very happy man. The volume was intended as a point of departure for Masonic scholars to use as a guide to finding various sources for researching whatever it was they were researching. Dr. Mackey accomplished this task in spades (trowels?). 0 of 0 people found the following review helpful. Hidden stuff By Ebony Most informative. 6 of 7 people found the following review helpful. A Classic and a Must for Any Scholar Involved in Research on Esoterica Generally or Freemasonry Specifically By Eric W. Vogt, Ph.D., Author of The Spanish Subjunctive Up Close, Spanish Pronouns Up Close and Spanish Past Tenses Up Close This is a fundamental and famous reference work, rich in history and educated and informed interpretation by one of the greatest Masonic scholars who ever lived. Nevertheless, one is free to accept his opinions or reject them, as he pleases. Highly reliable, even if some of the information in some of the entries are bit dated. If you're not a Freemason and expect this book to "reveal secrets" -- it won't. Educated Freemasons however, who do know what to look up, will find much to be understood between the lines.

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.
